

TerraPurezza CHICKEN PROCESSING HAND (\$15/hr)

Desired Start Date: ASAP

Must be comfortable with exposure to blood and flesh, **and** being hands on during the processing.

This is a steady commitment to work for TerraPurezza processing chickens **every Monday**, year round. We do not cancel chicken processing for anything less than a catastrophe. You must have reliable transportation, and communicate any changes in availability to us as soon as you can.

The hours desired are **9:00am to 3:00pm**. We do have some ability to work with outside constraints like childcare.

Requirements

- COVID Vaccination (not negotiable)
- Ability to stand/move for 6hrs (breaks allowed)
- Attention to detail
- English or ASL speaker
- Ability to lift 50lbs
- Reliable transportation

Details

- We do our processing in **Spicewood, TX** at a facility that is both indoors and outdoors. Hats, long pants, waterproof closed-toe shoes, and masks are required. Past that, it is on you to pay attention to the weather and dress appropriately. Wear clothing that you don't mind getting dirty.
- This is chicken processing: we are starting with live chickens and finishing with neatly wrapped chicken pieces. You must be comfortable being up close with the entire process. You will not be asked to slaughter any chickens, but you will see the slaughtering happen, and be responsible for helping with all of the processing after that point.
- Our farm is American Sign Language friendly. We have deaf employees, and you will be working with them/under their direction. You are not required to know ASL, but we encourage everyone to learn.
- This is a W9 position and pays \$15/hr.

After Applying

We will get back to you within 3 days. If we wish to move forward with you, you will be invited to a trial day (working interview), and then we will go from there.
